Community Engagement involves mutually-beneficial partnerships that impact our teaching and learning, our scholarship and our outreach efforts that strive to improve the human condition and support the public good at home and abroad.

As outlined in VCU’s *Quest for Distinction*, the Division of Community Engagement is prepared to lead the university in becoming a national model for community engagement and regional impact. VCU is one of only 54 universities designated by the Carnegie Foundation as “Community Engaged” with “Very High Research Activity.”

In support of VCU’s mission, the VCU Council for Community Engagement (CCE) connects and supports community engagement efforts across the campus.
